SUBMARINE SINKS WITH ALL HANDS

POISON SPRINKLED IN THEATER

SEAMEN GO DOWN TO DEATH

British Craft No. "A-7" Founders Off Plymouth, Eng.

No Hope of Rescue for Those Who Are on Board

PLYMOUTH, Jan. 16.—The failure of the British submarine "A-7" with sixteen men on board to rise to the surface after she had dived to the bottom of Plymouth Sound during maneuvers caused intense anxiety here today.

After the maneuvers were over, two sister submarines noticed that their companion vessel did not come up and immediately signaled assistance to Plymouth and Devonport.

Salvage vessels hurried to the scene. Bubbles were seen rising to the surface in Cawsand bay and grapplings were thrown out to bring the wrecked vessel to the surface, although the bubbles indicated that her hull had been penetrated and caused despair for the salvation of the crew.

A short time afterward, however, the parent vessel Oryx got into communication with the sailors, all of whom were alive. At 8 o'clock the crew had not yet been rescued.

As the submarine had gone down some time before noon, she had then been below water for six hours. The last signal from the submerged men was heard at 5:15 p. m.

The vessel lies at about 100 feet depth.

Admiralty officials say the crew consists of Lieutenant Albert M. Williams, another officer and 14 men.

The "A-7" was one of a class of nine boats numbered "A-7" to "A-15." She was built in 1904 and measured 150 feet in length.

Her submerged displacement was 204 tons. Her engines developed an indicated horsepower of 600, giving her a surface speed of 16 knots, and a submerged speed of nine knots.

'Was Indiscreet' When Married 70-Year Woman

John Worrall, an octogenarian, told Superior Judge Donohue today that he had been "very indiscreet" seven years ago, when he married Mary J. Worrall, aged 70. He appeared in court today on an order to show cause why he had not paid his wife alimony under the terms of an order made in her suit for divorce against him. Worrall declared that his wife had obtained a large share of his property and that he objected to giving her any more. The matter was taken under advisement.

Dr. Sun, Grandfather To Berkeley Arrival

BERKELEY, Jan. 16.—With the arrival of Dr. Sun Yat Sen, former provisional president of China, leader of the force that overthrew the Manchu dynasty, and now again in exile, is a grandfather. The little one was born to Mrs. Dr. Sun, his daughter-in-law, a graduate of a Berkeley seminary. Dr. Sun, the father, is a student at the University of California at the present time.

The Sun's have lived in Berkeley for some time, and the son of the Chinese leader and statesman is enrolled in the college of Commerce here. Mother and child are reported doing well.

MRS. BULLOCK GAINS HER POINT

PEACE MAY REIGN FOR AWHILE

Former Charlotte Vander Naillen to Collect Rents

Husband Can Live in the Same House—if Good

When J. J. Bullock, former district attorney of San Mateo county, spends 25 cents for a front doorkey he may return to his home at 1433 First avenue pending the outcome of the divorce suit filed against him last week by Charlotte Vander Naillen Kast Bullock, who has declared that she preferred to go on the stage rather than remain at home subjected to her husband's alleged cruelties.

Flanked by an array of attorneys the couple appeared before Superior Judge Waste this morning and stipulated that for the present there would be no motion for alimony or attorney's fees, as Mrs. Bullock has been allowed to collect the rents from their flat building property in First avenue.

It was also agreed that neither husband nor wife should hypothecate any of their property until their differences are finally settled.

ANXIOUS FOR TRAIL.

Both parties seemed anxious to go to trial, and while in the courtroom there was no intimation that either of them had extended the olive branch. The case was set for February 16 for trial.

When Mrs. Bullock alleged in her suit that her husband had at different times threatened to shoot her and that he had forced her to drink a poison which she believed at the time to be poison, she was granted an order of court restraining him from appearing at their home. It is understood that there shall be no hostilities between them while they remain in the same house.

Under the name of "Celeste Trouvere" Mrs. Bullock appeared as soprano in a San Francisco cafe some time ago and her husband demurred to her taking up a professional career. Their differences finally came to the breaking point, it is said, when Mrs. Bullock received an offer to play in a variety show.

As Charlotte Vander Naillen, Mrs. Bullock was well known in society on both sides of the bay, she is a daughter of the late Prof. A. Vander Naillen, founder of a well known school of engineering and an inventor.

It was while the stipulations as to property rights were being entered into today that attorneys for Bullock asked for a key to the flats when Attorney E. B. Trefethen, appearing with Attorney M. C. Chapman for the plaintiff, replied that he "guessed their client could afford to spend 25 cents in having a new one made."

Progressives Still Lead in Registration

Out of a total of 11,717 registered voters in Alameda county since January 2, the different parties have the following numbers:

Republican, 4445; Progressive, 5049; Democrat, 1129; Socialist, 533; Prohibition, 133; Independent, 51; no party, 240.

has been used in connection with the matter in a very disagreeable manner. Mrs. Alexander did not even know she was a patroness to the dance and did not have anything to do with any of the preliminary arrangements. Her name has been given considerable publicity in reference to the application for the hotel license and the question of liquor could be dispensed. The whole matter was simply up to the hotel management and the women whose names were used as patronesses had nothing whatever to do with the liquor question.

SUFFRAGISTS BEGIN CANVASS OF VOTES FOR THEIR CAUSE

CHICAGO, Jan. 17.—Members of the congressional committee of the National American Woman's Suffrage Association will begin a canvass at Washington next week to determine the views of each member of Congress on the proposed federal amendment for votes for women.

This was made known today by Mrs. Medill McCormick, chairman of the congressional committee, who will go to Washington Sunday to assist in the beginning of the work, which will be under the supervision of Mrs. Sherman M. Booth of Chicago, a member of the committee. A meeting of the entire congressional committee will be held in Washington either Monday or Tuesday to discuss plans for the coming year.

GOVERNOR IS PROUD GRANDPA

Youngest Progressive in Ranks Arrives at Home of Hiram Johnson, Jr.

The youngest Progressive in the ranks of the party arrived today at the home of Hiram Johnson Jr. in this city, and Hiram senior, campaigning for political honors, is now a proud grandpa. It's a boy. Weight eight pounds. Not named yet.

Hiram the Third (probably) is the only grandchild of the governor, and the governor, when notified, smiled even more broadly than he usually does while pointing to the achievements of the Oakland Progressives.

The little one was born in the Oakland home of the couple. Mrs. Hiram Johnson Jr., well known in society, was formerly Miss Amy Bowles, daughter of P. E. Bowles, the local banker, and the wedding was one of the important events of several seasons ago. Hiram Johnson the second, father of the baby Progressie, is a well known young attorney.

Hiram the First, leader of the California Bull Moose, says that the Progressie ranks are growing all the time. Now he's sure of it, and hopes he'll be still in the running when grandson gets in his first vote.

In the meantime Hiram the Third (probably) isn't thinking about politics just yet. The doctor says he is a healthy specimen of young genus homo and evidences every political proclivity.

Torch Explodes and Three Are Burned

An exploding gasoline torch this morning inflicted painful injuries on Charles Matthews, J. F. Brown and J. Eisenmeier, three electricians employed by the Western Pacific, who were wiring fixtures in the commissary building of the railroad at First and Adeline streets. The men were soldering connections when the torch, in which the gasoline had run low, suddenly blew out, scattering the burning fluid upon the workers.

Matthews was the worst injured, sustaining burns of the arms, face and back. He is at the Merritt Hospital under treatment. Eisenmeier, who was also injured, was removed after the accident. Brown was taken to his home and will be able to work within a few days.

Petroskey-Clabby Contest Postponed

(By Associated Press) San Francisco, Jan. 16.—The Petroskey-Clabby boxing contest scheduled for tomorrow afternoon at the Vernon arena, was indefinitely postponed today. Petroskey was reported to be ill, suffering from an ailment which it was said might yet be diagnosed as appendicitis.

LOST LOVE VALUED AT \$100,000

Mrs. Elizabeth F. Smith Sues for Alleged Alienation

Miss Ted O. Kell Wins Auto Dealer, Is Charge

SAN FRANCISCO, Jan. 16.—Claiming that the subtle contrivances, the artful coaxing and begging messages of Miss Ted O. Kell stole away the heart of her husband, Jesse Murray Smith, a wealthy automobile man, Mrs. Elizabeth F. Smith filed suits for maintenance and for the alienation of her spouse's affections in the Superior Court here today. She asks \$100,000 from Miss Kell, who is reputed to be exceedingly rich, and she wants a division of the community property now held by her husband.

The complaint against Miss Kell charges that on February 1, 1912, the young woman became prejudiced against Mrs. Smith and "concocting and harboring an intense dislike and prejudice against the plaintiff has set and endeavored by subtle contrivances, by coaxing, by pleading with and begging Jesse Murray Smith to induce him to separate and desert and abandon the plaintiff."

Mrs. Smith charges that Miss Kell informed her husband that the daughter, Nellie Smith, could live with her father if Smith left his wife and took up his residence with the alleged affinity.

According to Attorney Henry Davis, representing Mrs. Smith, the husband is now living with Miss Kell at the Westernian apartments, Broderick and O'Farrell streets.

Mrs. Smith resides at the Geneva apartments, on Van Ness avenue.

P. D. RADER AGAIN IN ALIMONY TANGLE

Pastor's Son Must Explain Delinquency to Court

Phillips Dwight Rader, artist, and son of the Rev. William E. Rader, former pastor of a Congregational church in San Francisco, will have to explain to the Superior Court his default of alimony payments to his divorced wife, Berghill Christianson Rader, since his re-marriage a short time ago. Mrs. Rader, who was an Oakland girl, obtained a divorce on the grounds of desertion. She testified that she had followed her husband to New York on his promise to provide for her, but that they quarreled and she was forced to return to her parents. After the divorce Rader became delinquent in his alimony payments of \$50 per month and his father made good in the sum of \$500. The alimony was then reduced upon agreement of Mrs. Rader through her attorney, Harry J. Rogers, who is bringing the present action to enforce further payment. The defendant is said to be at present in San Francisco. Rev. Rader resigned his pastorate some time ago and is now in the East on a lecture tour.

Threats in 'Black Hand' Letters

Missives Are Believed to Have Been Penned by "Jack the Ripper"

"Black Hand" letters, believed to have been written by a man who is known in the Times-Sunday column as "Jack the Ripper," from his high-handed tactics, have been placed in the hands of the police by Michele Lavezzi and Signor S. Barberis, both living in flats at 4325 Desmond street. Several families have been terrorized by the letters.

Threats of death and of misfortune were made in both letters, which were written in Italian. The letters purported in each case to come from the other residents of the house. Lavezzi's letter warning him against his friends and suggesting that Barberis had evil designs against the family. The letter mentioned Lavezzi's 15-year-old daughter, Maria.

The letter to Barberis was of an involved nature and the police were at a loss to understand its meaning. They believe there must be some fault in the translation or that the Italian slang idiom must have some sinister meaning that does not reappear in the English.

The police are investigating the matter. Captain J. F. Lynch of the northern station having taken charge of the matter.

ENGAGEMENTS CUT DOWN MEMBERSHIP

Desertion of Organization's Ranks Causes Strict Pledge

BERKELEY, Jan. 16.—Cupid is interfering with the affairs of the Gaiety Club, which is composed of young college and town women of this city. It was meant for bachelor maids, but it simply will not "stay put." The little blind god persists in invading its precincts and landing over its members one by one to various gallant swains.

In fact, so desperate has the situation become that the girls in the club have formulated this solemn rule:

What maiden member ever of this body henceforth permits her heart to be won by a mere man shall from that moment forfeit all rights and privileges herein. There is no appeal from this iron-clad rule.

When one of the members tells her engagement she is automatically dropped from the club.

If got so something had to be done, according to one of the members. There were more than fifty in the club to start with, Kappa Alpha Theta, Kappa Kappa Gamma and other university sororities being well represented.

BREAK RULE. But one after another broke the no-marriage rule, and the final drastic step was at last taken.

Miss Edith Clapp is one of the latest to tell her engagement and lose her place on the rolls. She is to wed John

ACID FUMES OVERCOME WOMAN

Mrs. Arthur Christopher Wife of Proprietor, Near Death

Police Find Vial of Mysterious Mixture in Playhouse

D EADLY fumes from a chemical sprinkled on the floor of the Princess Photo Theater, San Pablo avenue and Aileen streets, overcame Mrs. Arthur Christopher, wife of the proprietor of the place, last night just as the audience was leaving after the last show. The police are investigating the case, as it is believed that an attempt was made by some enemy of Christopher to poison a score of patrons of the theater by filling the place with noxious gases.

Corporal Henry Nedderman found a bottle of the mysterious fluid hidden near the door of the theater and this will be analyzed by Chemist Benzinger for the police.

Mrs. Christopher was carried unconscious from the theater to the street. Dr. R. H. Carter, 5635 San Pablo avenue, was summoned and administered restoratives. Mrs. Christopher was taken to her home, but is seriously ill from the effects of the poison.

GAS NOT NOTICED. The gas was not noticed until the end of the last performance, and it is believed that the murderer who attempted to poison the patrons of the place came in with the crowd, dropped the liquid about on the floor in the rows of seats and aisles and then made his escape.

That none of the patrons of the theater were overcome by the noxious fumes was due to the fact that the show was soon over and they left the theater. Mrs. Christopher remained behind with her husband to help him with the apparatus and in closing the place.

Suddenly, without warning, Mrs. Christopher grew dizzy and slipped to the floor. Her husband thought she had just fainted and ran out into the entrance to get some water. On returning he immediately noticed that the theater was filled with gas of some chemical, which he had not noted before, as it gradually accumulated.

REACHES OPEN AIR. With great difficulty Christopher dragged the body of his wife, half carrying and half dragging, from the theater out to the street. He found that he grew weaker and realized that he was also succumbing to the deadly fumes. He managed to reach the open air just in time to save himself and his wife.

Passers-by found Christopher trying to revive his wife and summoned Dr. Carter. Dr. Carter was unable to diagnose the exact cause of the mysterious poisoning.

The chemical compound used is a mystery to the police. Every effort will be made to find the perpetrator of the crime.

"I do not know who could be responsible for this," said Christopher today. "Somebody took a diabolical method of taking vengeance against me for some fancied wrong. I cannot understand the thing."

The police found that the floors of the place were wet with the fluid, which had been sprinkled about freely. Druggists in the vicinity will be questioned as to the purchase of chemicals that would produce these results.

Defeat New England Heirs of A. Stearns

(By Associated Press) Los Angeles, Jan. 16.—Forty-one New England heirs of Abel Stearns, a pioneer, who died in this early settlement, were defeated 1-2 today in their contest for the \$7,000,000 estate of Mrs. Arcadia B. Baker, formerly the widow of Stearns, and who at her death was the richest

Stearns heirs, who were represented by William Stearns Simmons of Boston, based their claim upon the fact that before his death Abel Stearns settled upon his wife property which formed the nucleus of her fortune.

WOMEN HAD NOTHING TO DO WITH LIQUOR QUESTION

The Thursday evening dance at the Hotel Oakland last night was a success. There has been considerable talk about the application made to the council for permission to have tables around the ball room at the Hotel Oakland, the same as they do at the St. Francis and the Palace Hotels in San Francisco. The fact is the hotel company made the application and the council knew nothing whatever about it.

St. John's Presbyterian church, 8 p. m.

Headquarters of the Public Welfare League—until tomorrow night.

Tomorrow, the 17th, is the last day remaining for voters not already registered or locally on last year's register to qualify for the election in February, which will decide Oakland's saloon question, and liquor registration, under the direction of league officials, are working in all parts of the city.

Tomorrow night the Public Welfare League officials will keep open house until 8 o'clock, when Mrs. Pearl E. Moore will register the latest voters. All meetings today and tomorrow will be large, registration, and until this is over little will be done with the saloon issue itself. The registration movement, providing the forces of city government with a weapon, is the work of today.

ONE CHANGE IN PROGRAM.

The campaign against the liquor man's ordinance will be taken up in earnest Sunday at the Y. M. C. A., when notable speakers will again sound their appeal for the support of the city of our groggeries, eliminating them from the city's program. One change has been made in the program. O. E. Hodie, who was to have spoken, will be heard later in the campaign and in his place will be heard Mr. J. E. Hodie, a member of the state industrial accident board, will be heard. He will tell of the problem from the standpoint of the men who are providing the support of the city of our groggeries, eliminating them from the city's program. The other speaker will be Robert Robertson, former president of the Public Welfare League.

MATTER OF PRINCIPLE.

"The important as this issue of closing the saloons is," he declared, "far more important is the question of whether or not we are going to support the men who make our laws. We, the people, demand that the council, half of our groggeries, the council said that it would abide by the will of the majority and we persuaded them that we are the majority. If we don't make good this claim at the polls how can we expect the council to back us up next time? We must support the council in its move for civic decency."

D. M. Gandier spoke yesterday at the Union Street Presbyterian Church, where before a large audience, he outlined the fight, during the course of his address, going into facts and figures, he showed how much the liquor traffic pays to labor in comparison to other lines of business.

"Who should labor support?" he asked.

"The man who makes our laws," he declared, "when it attempts to clear a city. It needs support or it cannot accomplish its ends. It has tried to register saloons by striking out a part of this saloon bill and now it needs your vote to back it up. Vote, that's the best thing you can do. Strike out the saloons and don't let them run this city government any longer. Now's the chance."

MEETING ON SUNDAY.

Sunday will see an important night meeting at the School Street M. E. church, when a joint session of the Y. M. C. A., the Episcopate Christian church and the Presbyterian church of that district will have the saloon issue before it. Rev. Franklin Rhoda and Rev. C. R. McHatten will be the speakers. A meeting will also be held at the Dennison House neighborhood meeting for next week is now in the course of preparation. This will include sessions at churches, clubs and other places and the committee will probably be announced Sunday.

The saloon question will be taken up tonight by these five-minute speakers, who will outline the issue before a meeting for working women to take place at the Y. M. C. A. cafeteria at 8:30 p. m. Rev. Ray Carter, First Congregational church, Miss I. E. Green and Miss Roscoe Wood will be the speakers of the occasion. Special invitations have been sent to employees of T. A. Penhorne and the Y. M. C. A.

Registration clerks this afternoon visited Twenty-third Avenue Baptist church, the California Cotton Mills and several other places, securing new names for the voting rolls.

NEWS OF DEATH COMES DURING BIG DANCE.
The sudden death yesterday in Los Angeles of Mrs. August Fuent, sister-in-law of Mrs. J. E. Paces Sr. and an aunt of Mrs. J. E. Paces Jr., caused a great surprise for the southern city of Mr. and Mrs. Paces. The telegram bringing the news arrived at the Hotel Oakland last night before it reached the city, which was then in the midst of a big dance. Mrs. Fuent was the wife of August Fuent, who was of one time one of the owners of the Hotel Oakland. For the past eleven years he has been owner and manager of the Villa de Paris, a similar store in Los Angeles. The funeral will take place tomorrow at the Hotel Oakland, where Mrs. Fuent was a resident. The body will be taken to Los Angeles for interment.

CASE IS DISMISSED.
The case against Josephine Bartlett, charged with shooting her foster sister, Mary Santos in East Oakland, was dismissed today on the motion of the prosecuting attorney.

Statistics compiled from the annual report of the Milwaukee Chamber of Commerce show that the total of capital invested in productive enterprises in the year 1913 was \$2,015,111, of which the Milwaukee was \$1,000,000.

The total number of persons employed by the breweries of Milwaukee in 1913 was 4,715, while the total number employed in other productive enterprises of the city was 14,432.

AMOUNT OF CAPITAL INVESTED.
The amount of capital invested for 1913 in the city of Milwaukee was \$2,015,111, of which the Milwaukee was \$1,000,000. The amount of capital invested in the city of Milwaukee for 1912 was \$1,800,000.

AMOUNT OF WAGES PAID.
The amount of wages paid out for 1913 in the city of Milwaukee was \$1,000,000, of which the Milwaukee was \$500,000. The amount of wages paid out in the city of Milwaukee for 1912 was \$900,000.

AMOUNT OF PROFITS.
The amount of profits for 1913 in the city of Milwaukee was \$1,000,000, of which the Milwaukee was \$500,000. The amount of profits in the city of Milwaukee for 1912 was \$900,000.

HAD BUSY WEEK.

"The registration clerk of the Public Welfare League have had a busy week, with promise of much more work to do before closing hours Saturday night. The office at 225 LaSalle building will be open for registration until 9 o'clock both this evening and tomorrow."

"Those who know themselves to be fully qualified to vote on the liquor question are asked not to take up the time of the clerks just now, as there will hardly be time for all, and it is a necessity that the new voters be furnished with ballots for this battle."

"The heavy and convenient delay of ferryboats, marooned Arthur Arlett, president of the Welfare League, in San Francisco last night. On this account he was unable to address the Milwaukee M. E. church members as planned. Dr. Constance Elliot and Dr. C. J. Gandier were heard instead. Elliot made a strong plea for registration and urged the voters to support the city council."

"A city council under tremendous pressure," he declared, "when it attempts to clear a city. It needs support or it cannot accomplish its ends. It has tried to register saloons by striking out a part of this saloon bill and now it needs your vote to back it up. Vote, that's the best thing you can do. Strike out the saloons and don't let them run this city government any longer. Now's the chance."

Mystery Surrounds Paderewski Telegram

Mystery deep and ominous surrounds the unexpected announcement made yesterday by Paderewski, the great Polish pianist, in a telegram, brief and unexplained, to Will Greenbaum that it would be impossible for him to appear in San Francisco, Oakland or Los Angeles, thereby making it necessary to cancel his bookings in those three cities. It was thought that the affair would be cleared today, Paderewski, aboard his special car, being scheduled to arrive this morning. However, the famous pianist will not arrive until tomorrow, and until that time the cause of the sudden change of mind will remain unfathomed.

Selecting Talesmen To Try T. J. Power

The trial of Attorney Thomas J. Power, which commenced yesterday in the Superior court, where he is charged with the murder of Charles Quenton, was continued until Monday morning when further examination of talesmen will be made. Three jurors have been passed for today. The preliminary challenges will not be made until the jury box has been filled. It is not likely that any testimony will be presented before Tuesday.

DIVORCE GRANTED MRS. B. O. GIBB

Judge Mogan Hands Down a Decision and Makes a Few Remarks.

SAN FRANCISCO, Jan. 16.—A divorce that was meant to have been secret was granted by Judge Mogan yesterday to Mrs. Bernon Ogden Gibb from James Winton Gibb. The complaint was filed with the muffler by Milton Davis, a chief deputy county clerk, at the behest of Attorney Ira S. Lillick. But Judge Mogan does not believe in secret divorces, holding them to be as objectionable as secret marriages, and the case had, after all, to be heard in the ordinary way.

Mrs. Gibb testified that she was married October 19, 1912, and that her husband had deserted her January 12, 1913. She said that she was living at 922 Green street, at the same address as her husband and corroborating witness, Mary T. Roberts.

Before contracting the marriage which is now terminated, Mrs. Gibb was the widow of Bernon Ogden of Chicago, a relative of the Armour family. Ogden made his widow heir to property worth nearly \$1,000,000, and to his famous aviary and kennels. James Winton Gibb, who had been a close friend of the deceased, became the widow's business manager.

Their marriage in Chicago was a very quiet affair. Mrs. Gibb afterward took a trip to Honolulu under the name of Mrs. Bernon Ogden in company with her brother. The family home since the marriage has been at Camp Meeker. Gibb is a wholesale liquor dealer, being president of the James Gibb Company, with offices at 1344 Geary street. All property rights were settled out of court and no alimony was asked for. There are no children.

204 ADULTS ON PROBATION NOW

Officers Issue Interesting List of Figures Regarding Good Results Obtained.

There are 192 men and 12 women, a total of 204 adults, now on probation to the superior and police courts in Alameda county, according to figures prepared by Assistant Probation Officers Leonard D. Fanning and Robert Tamm for the semi-annual report of the probation file. Of this total, 166 are superior court probationers and 38 are police court probationers.

Only twenty-two of the 204 probationers have been on probation longer than three years. "As a rule, two or three years, more or less, and at the end of that time he is fit to have his rights restored if he has conducted himself creditably. By restoring men to their rights after a reasonable period," says a statement given out by the probation office, "the total number on felony probation at any given time can be kept at about the present level. Six months is the usual period of probation in the police court, though a two-year period may be set where the judge deems it necessary. Of the 204 adults now on probation 151 were released in the last two years. Before the probation law these men would have gone to jail or the penitentiary."

SFI F-POISONING BY GIRL MAY BE MURDER DEFENSE

ALAMO CORDO, N. M., Jan. 15.—What may be some day to the line of defense to be followed in the case of H. H. Malora on trial charged with murdering his daughter, Eudora, was brought out in the testimony of Dr. J. R. Gilbert, who, on the stand yesterday testified that the girl had regularly taken a tonic carrying a slight dose of arsenic to the arsenic to the teaspoonful. He said the prescription was made out for the girl in 1912, months before her death. The taking of this tonic three times a day, he testified, would have charged the girl's body with a twentieth of a grain of arsenic daily.

SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF--25 CENT DANDERINE

Ladies! Men! Here's the Quick-est, Surest Dandruff Cure Known.

Thin, brittle, colorless and scraggy hair is sure to fall out. Scalp of dandruff—that awful scurf! There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its vigor; eventually producing a feverishness and itching of the scalp which if not remedied causes the hair roots

to shrink, loosen and die. Then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

200 members of the sophomore class gathered to discuss the question. No action was taken and the meeting ad-

was washed from the deck of his boat two days ago during its run from Seattle to Port Townsend, to be damaged.

No trace of the body has been uncovered. Captain Newman was a well-known navigator of the northwest. He was a brother to Charles Newman, treasurer of the Cort Theater of this city.

All Clogged Up? Here's Quick Relief

A Simple Remedy to Correct
Constipation Before It
Becomes Chronic.

Very few people go through life without some time or other being troubled with constipation. Thousands injure themselves by the use of strong cathartics, salts, mineral waters, pills and similar things. They have temporary relief in some cases. It is true, but the good effect is soon lost, and the more one takes of them the less effective they become.

A physic or purgative is seldom necessary, and much better and more permanent results can be obtained by using a scientific remedy like Dr. Caldwell's Syrup Pepsin. It does not hide behind a high sounding name, but is what it is represented to be, a mild laxative medicine. It is so mild that thousands of mothers give it to their infants, and yet it is so commended, and contains such definite ingredients that it will have equally good effect when used by a person suffering from the worst chronic constipation.

For many years Dr. Caldwell's Syrup Pepsin has been found to be a remedy to which all who have suffered from constipation until they took Syrup Pepsin. It is a fact that millions of families have Dr. Caldwell's Syrup Pepsin constantly in the house, homes like those of Mr. H. W. Fenstermaker, Sigfried, Pa. He says he has had wonderful results from the use of Dr. Caldwell's Syrup Pepsin, that in fact he has never found a remedy so good, and he

MUCH U. S. LAND IS NOT BEING TILLED

27 Per Cent Only of Country's
Available Area Under
Cultivation.

(By Associated Press)
WASHINGTON, Jan. 16.—Preliminary estimates by the department of agriculture show that of 1,140,000,000 acres of tillable land in the United States, only 27 per cent is actually under cultivation. The estimates were based on reports of 37,900 correspondents scattered in every state.

The country, excluding its possessions, contains 1,140,000,000 acres of which about 30 per cent is tillable. This includes land already under cultivation of which may be brought under cultivation by clearing, drainage, irrigation, etc. Only 31 per cent, or 350,000 acres, was estimated to be in use for agriculture. The rest, or 790,000 acres, is non-tillable, but valuable for pasture or fruits.

It is estimated that the average was given was 21,000,000 acres. This is approximately 18 per cent of the total land area, or about 27 per cent of the estimated potential tillable area. "In other words," says the department, "for every 100 acres that are not tilled, about 27 acres may be tilled when the country is fully developed."

RESOLUTION ADOPTED BY OAKLAND W.C.T.U.

Whereas, we are opposed to intoxicants in dance halls and ballrooms, therefore,

Resolved, that we protest to the Oakland city council against the amendment of January 13 to the dance ordinance, granting dancing privileges to the chief of police for the purpose of the sale of alcoholic liquors in dance halls, ballrooms and other places, and to the city council.

Resolved, that we protest to the Oakland city commissioners against the granting of the special privilege of the chief of police for the sale of alcoholic liquors in the ballroom on the occasion of the dance of January 13, in violation of the dance ordinance recently passed by the city council.

The above resolution was unanimously adopted yesterday at an all-day session conducted by the members of the Oakland Central Women's Christian Temperance Union which was held in the First Presbyterian church of this city. Mrs. Alfred J. Kennedy, superintendent of the mothers' meetings of the Temperance Union, introduced the measure. It will be presented to the city council and will be acted upon by the Oakland federation of churches.

The general committee of the Foresters of America is making preparations for the reception and entertainment of the Supreme Council of the Order of the B. P. O. E. which is scheduled to meet in San Francisco in August, 1915. James J. Ryan, president of the committee, has named a large number of sub-committees and has assigned to each particular part of the work so that when the visitors arrive, nothing will have been overlooked or omitted. Many features have been arranged.

GENERAL SALAZAR ARRESTED IN TEXAS

Mexican Federal Leader Who
Was Driven From Ojinaga
Is in Custody.

SANDERSON, Texas, Jan. 16.—General Ynez Salazar, commander of Mexican federal volunteers, who was driven out of Ojinaga, Mexico by the rebels, was arrested here today.

CHIHUAHUA, Mex., Jan. 16.—Definite announcement was made today by General Francisco Villa that he will enter the central and southern states of Mexico with a rebel army of 15,000 soldiers. He will attempt to join forces with General Carranza at Guadalupe, where an army of 15,000 or more will begin a march toward Mexico City.

A group of deserters from the Huertistas are trending for amnesty, and wish to join in the movement south. General Villa said that his forces have burned all the bridges between El Paso and Torreon and have retired to that place after having been defeated by Urbina.

U. C. PRESIDENT MAKES 'DEBUT'

Benjamin Ide Wheeler Speaks
Before Student Body: First
Time Since Return.

UNIVERSITY OF CALIFORNIA, Jan. 16.—President Benjamin Ide Wheeler spoke at the first student meeting of the semester this morning in Harmon Gymnasium. His first appearance to the student body was met with continued cheering from the student body.

"I want to thank you students for being so good while I was away," said President Wheeler. "I want to thank the faculty for being so good. Everything is running smoothly, and without trouble, and I am glad to be back for me to do my part in making things better."

Dr. Wheeler devoted the chief part of his address to a comparison of Egypt and Greece. The Egyptians, he declared, were one people and one history united by the Nile. In Greece he found a different history and a different people in each separate valley. He considered Lord Kitchener of Khartoum as the greatest man of Egypt.

GIVE BUSINESS MEN A PLACE IN POLITICS

NEW YORK, Jan. 16.—That it is the right of the American business man to exert his influence upon politics and that business has rights which the politician must respect, was the burden of a resolution unanimously adopted yesterday by the American Protective Tariff League at its first meeting since the passage of the Underwood tariff law.

The resolution also declared that more business men are needed in the political campaigns of 1914 and 1916 if the public business is to be conducted with due regard to the commercial welfare and prosperity of the country. The second resolution called upon American business organizations to be re-elected.

Dear Sir: I have to advise that this Society has secured special permission to refer Contract Holders of this Society to the Government Chartered Accountants, Messrs. W. T. Stein & Co., whose local address is Rogers Bldg., Vancouver, Canada, as to our financial standing and responsibility, and as to the Officers, Directors and Stockholders of the Company.

These officials have entire charge of the books of this Society and will render you a clear, concise and unbiased statement upon request. You are at liberty to refer Bankers, City Officials, business men or prospective clients to them.

A telegram just received from Stockton, Calif., states that: "Judge Plummer of the Superior Court of California decided in our favor today against the Building and Loan Commissioner." This is the second sweeping victory for this Society. Recently Judge Ronald of the Superior Court in the State of Washington declared the Building and Loan Law of that State unconstitutional on three different points. It is well worthy of mention at this time that as per the statement in our literature "Our Plan is impregnable in Law."

The most convincing literature yet issued by this Society will be sent upon request.

I Beg to Remain
Yours very truly,

Oakland, Cal.

Dear Sir—

Referring to contracts I purchased from you in The National Mercantile Co., Ltd., of Vancouver, B. C., Canada.

After a thorough investigation and mature consideration I purchased two contracts from you. At time of purchasing these contracts I mentioned same to a number of MY FRIENDS, who are BUSINESS MEN, and among them A BANKER. They could not conceive that such a proposition and the low rate of interest was possible, and immediately declared same WAS TOO GOOD TO BE TRUE, but I staid with it. Later I purchased two more contracts.

Today I am BUILDING A HOME on money loaned me by the National Mercantile Co., Ltd., and which is one of THE FINEST RESIDENCES IN THIS CITY, and these same friends have opened their eyes and also changed their opinion, to the extent that several of them have recently purchased contracts from you and are well pleased with the plan.

I think the contract plan offered by the Company one of the finest propositions I have ever seen, and am sure the plan is in every way possible under good management.

I wish the Company and yourself continued success, and more than appreciate the fact that I purchased contracts in The National Mercantile Co., Ltd.

Very truly yours,

GEO. W. BROWN,
Special Fiscal Agent.

GREAT DAM FLOOD
REFUGEES RETURN

Thousands Who Were Imperilled at Dobbin Re-enter Abandoned Homes.

CUMBERLAND, Md., Jan. 16.—Re-assured that the worst of the flood which swept down the Stony creek and upper Potomac valley yesterday as a result of the breaking of the great dam at Dobbin, W. Va., is over, hundreds of refugees who fled to the hills on the first morning began to return to their homes today.

Although thousands of persons were imperilled no lives were lost so far as known. There were, however, reports of many thrilling rescues.

No damage was done by the rising waters of Piedmont, W. Va., the largest town in the line of the flood, and the people there who had fled to higher ground returned to their homes early in the night.

It is believed that the prompt action of the pulp and paper companies in sending out warnings of impending danger through the valley enabled all in the danger zone to escape.

RED CROSS VOLUNTEERS.
WASHINGTON, Jan. 16.—The Red Cross telegraphed Governor Hatfield of West Virginia today asking whether its services were needed in assisting the sufferers from the flood which swept the Stony creek and Potomac valleys by the breaking of the dam of the West Virginia Pulp and Paper Company.

Telephone Situation
Remains Puzzling

CHICAGO, Jan. 16.—While the American Telephone and Telegraph Company notified the government that it would throw open its long distance telephone lines to all independent telephone companies no method of operation has been suggested and the situation is far from being clear to the independent telephone companies. It was made known today. Previous to the meeting of the board of directors of the National Independent Telephone Company, January 31, called to consider the offer of the American association, a committee has been charged to obtain a report on "the exact status of the proposition of the American Telephone and Telegraph Company."

Union Men Are Not
Surprised at Indictment

(By Associated Press)
HOUGHTON, Mich., Jan. 16.—Union men did not seem surprised today that indictments had been returned yesterday against Charles H. Moyer, president of the Western Federation of Miners, and 37 other union men on charges of conspiracy in connection with the strike of the copper miners.

More than a dozen of the 38 indicted had been released on bond by this morning.

None of the sealed indictments relate to the deportation of President Moyer from Hancock, as far as can be learned. The grand jury continued their deliberations today.

How About Your Kidneys?

Every pain, every ache, is a little warning—one of nature's alarm signals, telling you something has been wrong. Invariably the kidneys are to blame. They are the organs that remove the poisonous matter from the blood. If they are inflamed, congested or otherwise weakened in their action, the poison remains in the blood and the whole system becomes filled with uric acid. Many physicians say that Warner's Safe Kidney and Liver Remedy is the only medicine that can heal with certainty the frail, tubular structures constituting these important organs. It is made from the fresh juices of plants and medicinal roots, gathered at the proper season in various quarters of the globe. Men skilled in botany and chemistry compound it. It is pleasant to the taste and agreeable to the most sensitive stomach. For thirty-six years a record of results obtained from the use of Warner's Safe Kidney and Liver Remedy has been remarkable in the restoration of health in your case. Free sample if you write Warner's Safe Kidney and Liver Remedy Co., Dept. 293, Rochester, N.Y.

TODAY'S NEWS IN BRIEF

NEW YORK, Jan. 16.—Lincoln auto-graph letters and relics again brought high prices at the continuation of the sale of William H. Lambert collection.

George D. Smith again was a heavy purchaser, acting as agent, it was said, for Henry E. Huntington. He paid \$350 for the note book in which Lincoln posted newspaper accounts of his speeches relating to negro equality. The letter he wrote on April 1, 1862, to Mrs. (Orville) Browning about the selection of Mrs. Mary Owens of his proposal of marriage went to Mr. Smith for \$120. Albert Gallier paid \$125 for a letter Lincoln wrote General Grant only eight days before the President was shot.

STRIKE AT END.
PORTSMOUTH, Ohio, Jan. 16.—The shoe workers' strike, which has been in progress for six weeks, came to an end when the strikers voted to accept an agreement with the shoe manufacturers and a committee representing the United Shoe Workers of America.

WILSON DISCUSSES
TRUST MESSAGE

Outlines General Principle in Document; Congress to Do Rest.

WASHINGTON, Jan. 16.—President Wilson discussed with the cabinet today the completed draft of the message he will deliver next week to Congress on the trust question. The President also spent an hour with Representative Stanley, chairman of the committee which investigated the United States Steel Corporation. Stanley said afterward that he concurred in every line of the message and added that what particularly pleased him was that the President outlined the general principle to be dealt with, leaving the details and specific measures to be worked out by Congress.

Without altering the Sherman law in any way, specific additions in one sense or another are contemplated with the purpose to eliminate any uncertainty of interpretations.

Those who know what the President had in mind in reference to an interstate trade commission said today that one of its chief merits would lay in its powers of publicity.

ALASKA RAILWAY BILL
MAY SOON REACH VOTE

WASHINGTON, Jan. 16.—The Alaska railway bill may come to a vote in the Senate Tuesday. Senator Chamberlain, in charge of the measure, said today he would ask unanimous consent for a vote and believed the bill would pass.

FOR STOMACH TROUBLE

John W. Skillen of Sidney, O., Has Found a Remedy.

Experts declare that the reason stomach disorders are so common in this country is due to hasty and careless habits of eating. Stomach troubles and run-down conditions usually go together.

John W. Skillen of Sidney, Ohio, says: "I had a bad stomach trouble for years, and became so weak that I could hardly walk or do any work. My appetite was poor, and it seemed impossible to get any relief. Since taking 'Vinol' I find a remarkable improvement in my health. My digestion is much stronger, and I have gained in weight. I would not be without 'Vinol'."

'Vinol' makes weak stomachs strong because it strengthens and tones up the weakened, tired and overtaxed nerves of the digestive organs. 'Vinol' is easily assimilated by the weakest stomachs, and is delicious to the taste. Try a bottle of 'Vinol' with the understanding that your money will be

SWALLOWS PEARLS FOR HEADACHE MEDICINE

WARSAW, Russian Poland, Jan. 15.—Mr. Scheibler, one of the greatest spinning-mill owners in this district, was given three black pearls valued at \$50,000 by his wife as a birthday present. She placed them on a table beside his bed in order that his discovery of them might be a surprise.

Scheibler retired without noticing them. During the night he awoke with a headache and in the darkness reached out for some of the anti-migraine pills he always kept on the table. He took three and went back to sleep.

In the morning Mrs. Scheibler asked her husband how he liked his gift.

Then it was discovered that he had taken the pearls instead of the pills.

It is feared that the pearls have been dissolved by the gastric juices of the mill-owner's stomach, as no method of throwing them off has been successful.

QUEENSTOWN NOT TO BE A PORT OF CALL

LONDON, Jan. 15.—The Hamburg-American company has decided temporarily to abandon the plan to make Queenstown a port of call. An official of the company said today that this step was taken because of objections from the highest quarters and was the result of communications through diplomatic channels.

STARTS FIRE TO BE HERO.

BINGHAMTON, N. Y., Jan. 15.—Harry A. Carleton, a bell boy at the Arlington hotel, was arrested yesterday, charged with setting fire to the hotel. The crime is punishable by 25 years' imprisonment. The youth confessed and said his purpose was to become a fire hero and win a place in the fire department.

ALLEGED LAZY HUSBAND JAILED

Deported From Canada, Almost Escapes by Hiding in Lifeboat.

(By Associated Press)

SEATTLE, Jan. 15.—Louis K. Bedford, formerly secretary of the Washington state Democratic League, who fled to Canada last August to escape sentence under the lazy husband law, was landed in jail last night after the detectives who had been sent to meet the steamship Princess Adelaide, on which Bedford was deported from Victoria, Wednesday, narrowly escaped losing their man through a case of mistaken identity.

Wednesday afternoon the prosecuting attorney was notified by the immigration officers that Bedford was being sent to Seattle on the Adelaide. Judge Fred C. Brown, of the Police Court, who had sentenced Bedford, the deputy prosecuting attorney who tried him, and several deputy sheriffs and detectives who knew him nar-

Princess Adelaide docked. They watched the gangplank closely and finally seized a man whom they recognized as Bedford. But their prisoner denied the identification and established an alibi. All the officers went home except H. Steele, deputy prosecuting attorney, who went back to the wharf and boarded the steamer just as she was sailing at midnight for Vancouver. After all the passengers had retired their staterooms, and lifting the canvas covering of a lifeboat, found Bedford. Steele, with Bedford in tow, arrived from Vancouver on the Princess Charlotte last night and Bedford was lodged in jail to serve out his sentence of six months in the county workhouse, the county meanwhile paying his wife and children, whom he failed to support, \$1.50 a day.

TARIFF TO LOWER COST OF PRODUCTION: HAMLIN

NEW YORK, Jan. 15.—Speaking at the annual midwinter dinner of the New York Credit Men's Association, last night, Charles S. Hamlin, assistant secretary of the treasury, said President Wilson was serving the interests of the entire nation and that the pledges made by the Democratic party would all be redeemed.

Of the laws already carried into effect, Hamlin said the Underwood tariff law had not flooded the country with foreign imports, as had been predicted, and that the revenues of the country from customs were keeping up well.

The reduced tariff, he said, had already shown the tendency to make manufacture in the United States more efficient, and in a few years would make the cost of production in the United States the lowest anywhere. Of the recently enacted currency bill, the secretary said business could expect much, because one of the objects of the law was to better the credit of the small merchant and manufacturer.

DISCOVERY MAY GREATLY REDUCE PRICE OF MILK

ITHACA, N. Y., Jan. 15.—Experiments made on goats in the college of medicine at Cornell university may eventually lead

to an increase in the supply and thereby reduce the price of milk. According to R. P. Hill, a graduate student at Cornell, a goat has been made to give milk of twice the quantity and five times richer in cream through the injection of a recently discovered serum under the skin

or into a large blood vessel of the animal. Whether the same process will give equally gratifying results when applied to cows has yet to be determined, but the investigators are hopeful. The serum is a preparation made from the pituitary gland of livestock.

NEXT CHRISTMAS

The Christmas Savings Club Starts Monday

Just think how many nickels and dimes you absolutely throw away in a year, and how many you could save without depriving yourself of a single necessity. It doesn't need anyone to tell you. You know it yourself.

If you care to be a good fellow, as well as a wise fellow, see how much pleasure you can give yourself, or others of the home, at next Christmas time if you will make them members of our Christmas Savings Club.

Members will pay in a small amount each week for Forty-six weeks, and at the end of that time they will receive checks for the total amount they have paid in, plus an additional 4% interest.

Here Are the Different Classes of Members:

CLASS 5—will start by paying 5 cents the first week, 10 cents second week, 15 cents the third week, and so on for Forty-six Weeks, the last week's payment amounting to \$2.30. Members of the Christmas Savings Club choosing this class will receive a check two weeks before Christmas for \$54.05, with interest added at 4% per annum.

CLASS 5A—Same as Class 5, except that the payments are reversed, the member paying \$2.30 the first week and 5 cents less each succeeding week, making the last week's payment only a nickel. Members of the Christmas Savings Club choosing this class will receive a check two weeks before Christmas for \$54.05, with interest added at 4% per annum.

CLASS 25—will pay 25 cents each week for Forty-six Weeks. Members of the Christmas Savings Club choosing this class will receive checks two weeks before Christmas for \$11.50, with interest added at the rate of 4% per annum.

CLASS 50—will pay 50 cents each week for Forty-six Weeks. Members of the Christmas Savings Club choosing this class will receive two weeks before Christmas checks for \$23.00, with interest added at 4% per annum.

CLASS 100—will pay \$1.00 each week for Forty-six Weeks. Members of the Christmas Savings Club choosing this class will receive checks two weeks before Christmas for \$46.00, with interest added at 4% per annum.

NO, you don't have to come to the bank every week. If you wish, you can pay as many weeks in advance as you choose.

The Bank Will Be Ready to Receive Your Membership at 10 a. m. Monday.

BROTHER VANTASIAN TO LECTURE ON YELLOWSTONE

Arrangements have been completed for an illustrated lecture on the Yellowstone Park, which will be given Friday evening, January 23, by Brother Vantasian, head of the department of commerce of St. Mary's College, at Palm Court, Fortieth street and a number of lectures of the benefit of St. Leo's church. The parishioners and their friends are looking forward to the affair and it is expected that a handsome sum of money will be realized.

Brother Vantasian spent several months last summer in the Yellowstone Park and in addition to making a study of the beauties and wonders of the park, took a large number of photographs, which will be used in illustrating the talk. Father Lacey, pastor of the church, is active in arranging for the lecture.

Tango Does Not Appeal to Them Upper Class Has Issued an Edict Progressive Dances Now Tabooed

STANFORD UNIVERSITY, January 16.—Progressive dances, the rag, the tango and the castle walk, are in disfavor at Stanford. Ragging by the students on the campus is to be tabooed. The women's conference, composed of representatives of the upper class women of the university, has issued the following edict defining the stand they have taken in response to the many inquiries regarding the rumor that the ban against ragging at college was to be lifted.

"The present unsettled attitude toward dancing makes the introduction of progressive dances a menace to the best social welfare of Stanford. It is resolved that participation in any of these dances shall be subject to disciplinary action by the council. Any attempted evasion of this ruling in the form of college dances given by organizations, except by an individual in her own home, is considered a violation of the conference ruling."

For the past week the campus has been

and incidentally saved Mrs. Hunter from a dip in the bay when her foot slipped. Then the launch chugged out toward the steamer which, by this time, was pointed toward the Golden Gate and going ahead at half speed.

As they neared the ferry building Captain Johnson suggested that Mrs. Hunter take the whistle cord and give the correct number of blasts to give. But instead of the regulation three toots, Mrs. Hunter pulled the cord in a succession of jerks which emitted a long series of short blasts. This is always a signal for an outgoing liner to stop and usually means the arrival of a belated passenger.

Among the Nelson put his face over the bridge railing, saw the launch and ordered the engines reversed. Then a Japanese launch was driven toward the ferry building. Captain Nelson said things that could not quite be heard on shore and then sent the Korean ahead again. But Hunter, knowing that his chief must have been sadly annoyed, sent a wireless late night explaining what happened. He is tonight in a great mood from the episode.

ENGLISH WOMAN PLEASUED WITH MORGAN

LONDON, Jan. 16.—"America certainly has taught us a lesson in true civility," exclaimed the Hon. Harriet Phipps, Queen Victoria's principal lady in waiting, now in her 73rd year, on receiving from J. Pierpont Morgan a number of jewels that were given to her by the queen, but which she had been obliged to part with some time ago in order to

In a letter Morgan explained that he had found them in his father's collection. He thought it a pity that they should go out of her family.

Among the treasures was a locket with some of Queen Victoria's hair on one side and some of the Prince Consort's on the other.

The jewelry had been disposed of through a dealer and Miss Phipps never knew the name of the purchaser until it was restored to her a few days ago.

MABEL H. QUINN OFF FOR ORIENT

SAN FRANCISCO, Jan. 16.—Mrs. Mabel Hopkin Quinn, whose marriage, ten years ago, to Charles Quinn, a turfman, followed the breaking of her engagement to Dr. Edward C. Goss, a noted American surgeon of Paris, have kept her before the public eye, was among the passengers sailing on the steamship Korea yesterday for the Orient.

Her departure for the East had been arranged several weeks ago, but had been planned as a secret among several of her more intimate friends and she showed considerable uneasiness yesterday when she found that her presence on the Korea was generally known.

Mrs. Quinn, who was accompanied by Dorothy, her 5-year-old daughter, departed to discuss her plans in the Orient, either than that she expected to remain in Honolulu a week or so and several months in China and Japan.

WILL EXHIBIT TO EXPLOIT POTASH

Germany Returns \$125,000 to Syndicate for San Francisco Exposition.

BERLIN, Jan. 16.—In spite of the German government's decision not to have any official exhibit at the Panama-Pacific exposition at San Francisco, plans for individual exhibits are still entertained in cases where there is an apparent possibility of increasing the sales in America of specific commodities.

The budget committee of the imperial parliament voted today to return to the German potash syndicate \$125,000 of the \$2,000,000 forming the so-called "proposed fund" which was raised by imposing a tax on all potash mined in Germany under the law of 1910, and which was intended for advertising merits of the German fertilizer at home and abroad. The

arranging a potash exhibit at the San Francisco exposition. The house also voted the return of \$225,000 of the fund for the purpose of advertising potash abroad.

It was stated recently that the German potash syndicate was about to bring a suit against Imperial Chancellor von Bethmann-Hollweg, demanding the return of the entire \$2,000,000.

GOETHALS FIRST ZONE GOVERNOR

President Said to Contemplate Naming Him for Position on Recommendation.

WASHINGTON, Jan. 16.—Secretary Garrison submitted today to President Wilson his plan for the permanent government of the Panama zone. While the secretary was not disclosing its features it is understood that it contemplates making Colonel George W. Goethals the first governor of the zone with plenary powers and would create from the retiring members of the canal commission a new commission to take charge of the ceremonies at the opening of the canal in January, 1915. The impression in official circles is that President Wilson is in accord with Secretary Garrison and that Colonel Goethals alone is to be charged with the administration of the canal, which as chief engineer has constructed the canal.

AWARDED \$9000 FOR DEATH OF HUSBAND

Mrs. Ida L. Givens of Berkeley was awarded judgment for \$9000 damages against Epoch Merrill and George P. King by a jury in Superior Judge Brown's court last evening for the death of her husband, who was killed in a fall while working on an apartment building being constructed by the defendant on Shattuck avenue and Haste street, Berkeley, in June, 1913. Merrill was the owner of the building and King had the contract. The plaintiff was represented by Attorneys J. V. Coffey, E. L. Coffey and Edward M. Leonard. The jury rendered its verdict under provisions of an act of the Legislature of May 1, 1913, which provides that the owner of a building must see that the contractor uses precautions for the safety of men engaged in construction.

JAPANESE STUDENTS TO GIVE CONCERT TONIGHT

The Japanese Student Association of the University of California will give the first of the semi-annual concert, this evening in the auditorium of the Japanese Bible College in San Francisco. Students from the Stanford University will also participate in the program, which will include both American and Japanese selections.

WINE IS POURED INTO SACRAMENTO GUTTERS

SACRAMENTO, Jan. 16.—"On with the dance, let joy be unconfeined," said "Bric" Moore, adviser to potentates of the second ward, as he saw gallons upon gallons of "fine red" poured into the sewer at Second and L streets today. Early yesterday afternoon Chief of Police Baccherino William Johnson decided that the 50,000 gallons of wine lying in the wine cellar deserted by Police Gabrielle at Second and L streets should be turned into the sewers as the city jail was being slightly filled by footsore and weary citizens, who freely admitted that they obtained their "packages" at the abandoned wine cellar.

PLYMOUTH CENTER TO HEAR PROF. STEPHENS

Prof. Henry Moore Stephens of the University of California will give the second lecture in his course, entitled "The Napoleonic Period in Europe," this evening in Plymouth Center, Laurel and Piedmont avenues. His subject will be "The administration of the Napoleonic Empire—The Court of Napoleon." The addresses are open to the public. The dates for the next four lectures in the series are as follows: January 21, "The Napoleonic Period in Europe"; February 6, "The Rise of the Nations, 1812-1815"; February 20, "The Napoleonic Empire, 1813-1814"; March 6, "The Hundred Days, 1814-1815—Waterloo."

A CHIEF CRIMINAL, Fulton porter convicted of petty larceny for stealing valuable rings from a dressing room of a car on an overland train, was sentenced to serve 6 months in the county jail by Superior Judge Ogden. The defendant stated that he had been in jail 75 days awaiting trial and asked that the time be deducted from his sentence.

SUSPECTED THUG IDENTIFIED

SAN FRANCISCO, Jan. 16.—Eugene V. Roeder, caught yesterday by Patrolman Harry Walsh with all of the implements of a holdup man this morning, A. De Grotz, leader of the orchestra at the Golden Gate Hotel, told Roeder as the man who held him up ten minutes before Walsh made his capture. Roeder is still in delirium at the city prison.

HEIR TO SWIFT ESTATE CENTER OF QUEER FIGHT

Three years ago, when the Swifts were divorced, Swift offered his former wife \$30,000 for Jacques, who was then a mere infant. After the fight a bitter struggle began for the custody of the child, but Mrs. Swift succeeded in keeping her.

Mrs. Swift died after an operation performed in an attempt to cure her of organic tuberculosis. She was only 24 years old when she died and, despite the ravages of the disease with which she was afflicted, she preserved to the last much of the great beauty which won her fame and success on the metropolitan stage when, as Jacques Bradley, an Alabama girl, she came there.

CLUB DENIES REPORT. Requests for an investigation into the building of Oakland's school buildings, reported through the district attorney's office as having come from the Malheur Heights Improvement Club, has been repudiated by that organization. The Elmhurst Board of Trade, declare the Malheur men, passed such a resolution, and it said she has determined to keep her home there.

AVIATOR NARROWLY ESCAPES DROWNING. WASHINGTON, Jan. 16.—Alexander C. Beach, aviator, narrowly escaped drowning in the Potomac here yesterday. He was giving his hydro-aeroplane, a machine of his own design, a trial in the river which was thick with ice. Just as the machine was rising from the water the propeller broke and the boat nearly sank. Harbor police brought Beach to safety.

ANCIENT CROWN HAS BEEN "FOUND" BY STORM. WASHINGTON, Jan. 16.—A Vienna dispatch to the Daily Mail says a storm at Cracow uprooted an ancient elm and revealed the hiding place of a crown which had been worn by the Kings of Poland from the fourteenth century and which has been missing since the middle of the eighteenth century. All the gems with which the crown was studded were found, although some had fallen out of their places.

1914 Will Be Prosperous

1913 was good to "My City, Oakland." We all know what we are rightfully looking forward to in 1914. 1914 looks (and is bound to be) prosperous because 1914 is to be a year of activity, of preparation; yes, even more than that, a year of completion. 1914 is a year of preparedness, of go-ahead-iveness, of stick-to-it-iveness, and just as 1914 is to be that sort of year for Oakland and for the entire State, so 1914 is to be for Foreman & Clark the culmination of a great many efforts, is to place its seal of approval on all our proven methods, is to be the final crown of glory and the solid granite platform of supremacy at the end of our upward journey, every step of which has been fought in the fullest conviction that we must go ahead in the righteous defense of the interest of the tens of thousands who believe in Foreman & Clark.

In 1914 We Complete Our Fifth Year of Proving That Our Methods Are Right

For five years we will have waged a perfectly justifiable, earnest and honest, straightforward and unswerving fight against useless extravagances in conducting the clothing business. For five years we will have fought the principle of high rents and extravagant fixtures. For five years we will have fought the glittering brass, the mahogany show cases, the gilded columns, the crystal chandeliers, the inlaid mosaics and all the other fol-de-rols which old-time business methods have stubbornly tried to convince the public into believing necessary. What has the victory in this fight brought us? In the five years from the time we started with only a \$310 cash capital in a single office, we will have come to the point where we can truthfully say

BACK OF US IS AN ARMY OF 100,000 ENERGETIC BOOSTERS WHO BELIEVE IN THE ABSOLUTE HONESTY OF FOREMAN & CLARK

We have built up this reputation by conducting our three stores in Los Angeles, San Diego and Oakland on the basis of giving the public all we promise to give them, the opportunity at any and all times to buy here absolutely genuine and legitimate \$25.00 Suits and Overcoats at \$15. We are enabled to do this by having cut out all the unnecessary expenses of high rents and high priced methods, of buying only from the best manufacturers in the country in huge quantities and for cash, taking advantage of every possible discount, also by looking after our customers' interests to the very best of human ability in every case and at all times from before the time of purchase until long, long after we have the customer's money. Look into these methods. Look into Foreman & Clark Service. Look closely into Foreman & Clark principles and you too will join our Army of Boosters.

Low expenses and low price, high-class goods and high-class service. These are what constitute the basis of the Foreman & Clark Success.

EX-CONVICT SUSPECTED OF DYNAMITE ATTEMPT

OROVILLE, Jan. 16.—That Joseph Mandata, an Italian ex-convict, is the man who attempted to assassinate J. T. Delaney Tuesday night by placing a charge of dynamite under his home at the Great Western Power Company's plant at Las Pumas, is the belief of the sheriff's office.

Mandata was discharged by Delaney, who is the foreman of the construction work, and he later took a fellow constructionman into his confidence, stating that he "would get Delaney." He also stated that he had served five years in a penitentiary for attempting to kill a foreman for whom he was working several years ago.

Mandata disappeared the afternoon of the explosion and has not been seen since. A sheriff's posse with bloodhounds scoured the mountains in this section yesterday and today, but was unable to locate him.

NEW CLUB QUARTERS TO OPEN JANUARY 27TH

January 27 has been officially set by the house committee as the date of the opening of the new Commercial Club headquarters, on the seventh floor of the Hotel Oakland. The new quarters, to include club rooms, offices, lounging rooms, a grill and other apartments, will occupy nearly the entire floor of the hotel and will be one of the most modern places of the kind about the bay.

The opening will be in the nature of a "kitty" night, with dancing in the ivory ballroom of the hotel. A reception committee will be appointed within a few days to take charge of the affair, for which elaborate plans are being made.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your back hurts or bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by missing the kidneys occasionally, says a well-known authority. Meat forms uric acid, which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four glasses of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the juice of grapes and lemon juice, combined with lithia, and has been used by generations to flush and stimulate the kidneys, so it is no longer a question of irritation, thus ending bladder troubles.

Jad Salts is inexpensive and cannot be abused; makes a delightful beverage.

Remember this now and then to keep your kidneys clean and active and the blood pure, thereby avoiding serious complications.

OAKLAND'S BOYS AND GIRLS

Weather Interrupts the Schedule for Soccer Games

Owing to the inclement weather, the schedule for the soccer games in the local playgrounds has been revised and the contests will start tomorrow. All the leagues east and west of Lake Merritt will play simultaneously and they will be conducted by the playground supervisors. Much excitement and enthusiasm marked the league's work last season, when many successful and interesting games were conducted. Soccer is the only game for boys' league and youth players. It was introduced on the Oakland playgrounds a number of seasons ago and is still one of the most popular activities for the boys of all ages and ages.

There are now 150 boys in the Soccer leagues. Four leagues are located in the east and ten on the west side of Lake Merritt.

BASEBALL GAMES

Baseball games announced for tomorrow:

Bantams of De Fremery vs. Bushrod at 10 o'clock at Bushrod playground.

Midway of De Fremery vs. Bushrod at 10 o'clock at De Fremery playground.

Bantams of De Fremery vs. Intermediate of Bushrod at 1 o'clock at De Fremery playground.

Juniors of De Fremery vs. Bushrod Juniors at 2 o'clock at Bushrod park playground.

Little Folk Enjoy Hour of Interesting Story Reading

In all the playgrounds of Oakland, the library is given by the librarians upon the invitation of the playground commission. On December 20 the first "story hour" in the playgrounds was held. It was an interesting day for the boys and girls, who promised to attend the story-hour regularly. The story-tellers are co-operating with the librarians and the children are being encouraged to visit the branch which lies nearest the playground.

The following members of the Oakland library staff have been assigned to the playgrounds the third Saturday of each month: Miss Burgess at Thompson playground; Miss Curtis at Melrose playground; Miss Gray at De Fremery playground; Miss Marie Schaeffer at Alameda playground; Miss Thompson at Mosswood playground.

NEW EQUIPMENT FOR PLAYGROUND ARRIVES

Work has begun on the new field-house on the playground at Thirty-second and Perilla street, where the boys and girls of the northern part of Oakland will enjoy the outdoor diversions. According to present plans, the grounds will be open to the public to play. The playground equipment has arrived from the East and it will be installed soon. The new recreation will consist of swings, see-saws and rings. The modern playground games will be taught by the supervisors, who have not as yet been appointed.

SHIPPING IS NORMAL AS STORMS ABATE

Many informal parties were given last season by Dorothy Fritsch, the daughter of Mr. and Mrs. R. Fritsch of this city. The pretty youngster has proved to be a gracious hostess and possesses the faculty of planning games for the amusement of her friends. Dorothy attended many birthday affairs given by her playmates last winter. She is a favorite in the juvenile set, where she is very popular.

Inside as well as outside of the classroom, Dorothy has taken part in musical entertainments, where she contributed songs and dancing numbers. Recently she assisted at the doll show which was given for the benefit of the West Oakland Home. She posed as one of the living pictures and made a very attractive sight.

CHINESE MERCHANT IS CONVICTED AS SLAVER

SEATTLE, Jan. 16.—Harry Toy, a wealthy Chinese merchant, who was accused of having made a slave of Goldie Goodell, a white girl and daughter of a Portland clergyman, was found guilty on six counts of violating the Mann anti-white slave law by a jury in the United States District court here.

Toy, who the government alleged was lured from Portland to Seattle by Toy, is a sister of Toy's dead wife, formerly a Portland mission worker. The government introduced evidence to show that Miss Goodell had attempted to escape from Toy, but that he had caught her and had told her if she ever got away all the Chinese tong in the country would aid him in recapturing her.

SOUTH CELEBRATES ITS PROSPERITY AT BANQUET

MEMPHIS, Tenn., Jan. 16.—Prosperity in the south as evidenced in bumper cotton and grain crops, large cattle production and general business conditions, which were declared to exist in any other section of the country, was celebrated here last night at a banquet given by the Memphis Business Men's Club. More than 400 guests, including prominent men from all parts of the United States, were in attendance.

SOUTH AFRICAN STRIKERS ARE RETURNING TO WORK

CAPE TOWN, Union of South Africa, Jan. 16.—Dispatches from all parts of the Union report that the strikers are returning to work and that victory has been won by the government in the struggle with the Federation of Trades.

The strict rule of the premier, General Louis Botha, was still in evidence this morning at Johannesburg, where sixty-two members of the Typographical Union were arrested while meeting. The charge against them was contravention of the provisions of martial law. The men had just passed a resolution to resume work.

sleep disturbing bladder weaknesses, backache, rheumatism and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Croxone, overcomes all such disorders because it removes the very cause of the trouble. It seeks right into the kidneys through the walls and linings; cleans

matism, and makes the kidneys filter and sift out all the poisonous waste matter from the blood and drive it out of the system.

It matters not how old you are or how long you have suffered, Croxone is so prepared that it is practically impossible to take it into the human system without curing you.

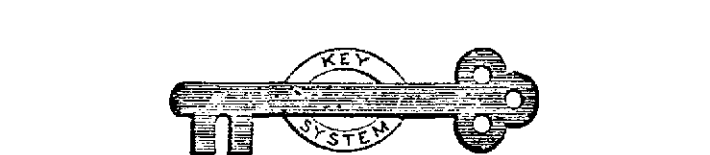

It is the most wonderful remedy ever made for restoring the lifeless organs to health and strength and ridding the system of every particle of uric acid, and you can take it with the utmost confidence that nothing on earth will so quickly cure such conditions.

VOLCANO IN ACTIVITY AGAIN

Earthquake Rumbling
and Column Is Rising
From Asama Yama

(By Associated Press)

NIKKO, Island of Honshu, Jan. 15.—The volcano Asama-Yama, which is now active. Fresh earthquake rumblings are heard and a column is rising, but no great damage has been done.

DANGEROUS BY SUBMARINE SHOCKS.

TOKIO, Jan. 15.—Torpedo-boat destroyers which have returned from Sakura to Sasebo report that they were greatly endangered by the enormous seas due to submarine shocks.

WITNESSED BY PASSENGERS.

KOBE, Jan. 15.—The Ruyumaru, a passenger steamer, has arrived here after having rescued 136 of the inhabitants of the village of Yumara, on the island of Sakurajima, and landed them at Kagoshima. All the residents of another village were found to have been rescued with the exception of one, who was taken aboard.

The captain of the steamer witnessed the awful spectacle of the eruption of the volcano. Flames leaped from the ground, setting the villages on fire. While the steamer lay off shore ashes to the depth of one foot fell on her deck. On the way to Kobe there was a pall of ashes like a dense fog.

Near Chiriu island a severe submarine upheaval shook the vessel as though she were in collision. On Tuesday the captain endeavored to call at Agurusa, on the east coast of the island of Kiusiu, but owing to the ashes was unable to advance without great danger.

STILL FREQUENT EARTHQUAKES.

MIYAZAKI, Japan, Jan. 15.—The situation here has improved, but there are still frequent earthquakes and terrible thunderstorms throughout Kiusiu. The rain, however, has purified the atmosphere. The rivers have turned yellow and are covered with dead fish.

PROFESSOR OMORI ARRIVES.

KAGOSHIMA, Jan. 15.—The volcano of Sakurajima is still smoking today. Dr. Fusakichi Omori, professor of seismology at the Tokyo Imperial University, arrived at Kagoshima this morning to begin an elaborate official investigation of the disaster. The people of Kagoshima, many of whom have returned to the ruined city only to find their houses destroyed, waited with wonderful faith for Professor Omori to give his decision as to the possibility of further danger. He declared this afternoon that there was no further danger.

Many families were separated during the panic which followed the eruption, and the highways in the vicinity are crowded with saddened people searching for relatives. In the

10,000 APPLY FOR INCOME TAX JOB

Treasury Officials Picking Out
Agents and Inspectors for
400 Places.

Advance Instructions Indicate
Duties of Officers and
Strict Enforcement.

WASHINGTON, Jan. 15.—Treasury officials who have begun the task of picking out internal revenue agents and inspectors who are to collect the income tax. There are more than 10,000 applications on file for the 400 jobs and somebody is bound to be disappointed. The commissioner of internal revenue makes the appointments, with the approval of Secretary McAdoo, and most of the members of Congress find their way to the commissioner's office these days.

In anticipation of the appointment of these collectors, the treasury has issued instructions to govern them. They indicate plainly that anyone who takes the tax as a joke is likely to find his mistake. The instructions read in part as follows:

"The duties of officers of this class are to ascertain and report the names of persons who in their opinion are liable to the income tax and who have failed to make return as required by law; to inquire into income tax returns where there is any suspicion that the return made is erroneous; to examine the books and accounts of persons who have made returns, for the purpose of ascertaining and reporting as to whether the law has been complied with, when so ordered by the department; to change the district in which they are assigned; to inquire into the manner in which income tax employees are discharging their official duties and to report those who have failed in this respect. For the purpose of securing such information as they may desire they may visit the office of any state, county, or municipal official, and for the general purpose of their employment may confer with any collector or deputy collector of internal revenue within the territory in which they are authorized to operate."

meantime the authorities are doing their utmost to re-establish order.

A number of newspaper correspondents visited the island of Sakurajima today, on which the volcano is situated. They found the surface of the earth too hot to walk on, while everywhere the ground was full of dangerous holes. Ashes lay drifted in thick heaps and showers of small stones are still falling.

SCIENTIST COMMITS HARI KARI.

TOKIO, Jan. 15.—The suicide today by hari kari of the chief of the meteorological observatory at Kagoshima is announced in the newspapers here. The dispatches say the scientist committed suicide because he had been severely criticized for failing to warn the citizens of Kagoshima of their danger from the eruption of the volcano Sakurajima.

Five Weddings, One Divorce Hasty Marriage Is Blamed

MISS MARGUERITE OGDEN, WOMAN ATTORNEY, WHO SAYS THE DIVORCE IS NOT AS BAD AS IT LOOKS. IT'S A MATTER OF INDIVIDUAL CONCERN, SHE DECLARES. ALSO, A LAWYER MAY SOMETIMES HELP CUPID.

One to five is the ratio of divorces and marriages in Alameda county. In other words, for every five couples taking out marriage licenses at the county clerk's office, one couple files a final decree of divorce. Every time Dan Cupid brings ten loving hearts together he gets one swat in the Superior Court; wherefore, 20 per cent of his conquests fail.

The Alameda county records for the past year show that 244 marriage licenses were issued in 1912. There were 600 final decrees issued in the same space of time, 950 divorce suits filed, leaving a balance of 350 couples who may have patched up their differences. A small percentage is shown in which divorces were denied. For every divorce suit filed the county collects \$6. A total of \$5760 was placed in the treasury from this source.

placed, according to law, in the county law library fund.

The all-conquering Dan Cupid has met a dangerous antagonist in King Divorce, and the question which sociologists, judges and doctors are trying to solve is what the remedy may be.

HASTY MARRIAGE FACTOR.

"These figures show a sad tale," declared Miss Marguerite Ogden, daughter of Superior Judge F. B. Ogden and one of the foremost women attorneys and sociologists in the bay region. "I hardly know what to say about it. The divorce problem is too big to really get anywhere with, except in its details. Hasty marriages, for instance, are one of the big factors today. Young couples marry in haste. After all, it's a problem for the individuals concerned to settle. When love goes, it goes, and lawyers cannot restore that. All a lawyer can do is to assist in the separation. Of course, sometimes the lawyer talks to the couple and persuades the warring man and wife to 'kiss and make up.' These cases are, however, a very small percentage."

"Education is a better knowledge of marriage, its meaning, its responsibilities and its results. Children don't realize. They shouldn't be allowed to marry. Teach the little ones of fatherhood and motherhood, and they will realize better what confronts them. The schools are doing it."

CHURCH IS ON THE LINE.

BERKELEY, Jan. 15.—St. Michael's Episcopal church of this city, finding that the office it recently purchased is ten feet in Oakland and the remainder in Berkeley, is casting about for a new site all in this city. The building purchased was formerly occupied by Calvary Baptist church. As all the congregation of St. Michael's are Berkeleyans, they want a building entirely in their own city.

CHINESE FLEE FROM FIRE; INJURED

Oriental Plunge Through the
Glass Partition of Burn-
ing Store.

Receive Serious Cuts and
Burns; Origin of Flames
Mystery.

SAN FRANCISCO, Jan. 15.—Panned in on every side by a mass of flames, three Chinese plunged through a glass partition in the store of the Kim Chong Company, 1611 Fillmore street, at 3 o'clock this morning, fell a distance of 12 feet, and were carried out by firemen and sent to the Central Emergency hospital. All received painful injuries, as follows:

Lung Lee, cuts about the face and head.

Keong Shee, burned foot, cut hands.

Kim Chong, lacerated foot, bruised forehead.

The blaze started in the workroom of the place, which is a women's furnishing goods store. Before the fire was seen from the street and an alarm turned in it had gained considerable headway. When the firemen broke in and flashed their lights through the dense smoke they were startled by cries for help. These came from a balcony at the rear, the stairs to which were burning fiercely.

MAKE PERILOUS ESCAPE.

The Chinese then shattered one of the glass partitions and jumped through to the floor of the store. They tried to go down the blazing stairway and was burned about the foot in his attempt. The other Chinese were out by the glass partition and suffered from the choking smoke which filled their narrow sleeping quarters.

The cause of the blaze is a mystery and the fire was burning briskly when the department arrived, and it was fully half an hour before the fire was under control.

Girl Run Down and Killed by Automobile

SEATTLE, Jan. 15.—Miss Betty Hill, 23 years old, was run down and killed at Third avenue and Pike street, one of the busiest night corners in the city, last night by an automobile driven by W. Roswell, 25 years old, a saloonkeeper. Roswell was locked up at the city jail on an open charge after the police had made a futile effort to get his version of the accident.

Club Finds Tip Necessity; 15 Cents Official Amount

CHICAGO, Jan. 15.—Tips for waiters are a necessity, according to a decision reached last night by the board of governors of the Illinois Athletic Club.

For some time the club has had a strict rule that when a member was detected tipping a waiter the former should be reprimanded and the latter discharged. On a third offense a member was suspended. In the future 5 cents will be added to all food checks at the club.

to the waiter and the remaining 2 cents will go to a general fund, the ultimate disposal of which has not been settled. The belief that better service can be obtained by tipping the waiters and information that many tips were being given secretly, resulted in the new rule.

Prominent Canadian Financier Is Dead

(By Associated Press)

TORONTO, Jan. 15.—Senator George A. Cox, 74, prominent in Canadian financial circles, died here today.

He was president of the Canada Life Assurance Company, the British-American Assurance Company, the Western Assurance Company, the Provident Investment Company, the Central Canada Loan and Savings Company and the Toronto Savings and Loan Company. He was a director in a score of large corporations, including the Grand Trunk, the Dominion Coal Company, the Canada Ship Building Company and the United States Mortgage Company.

Sensor Cox had contributed generously to Methodist charities. He was noted in 1909 as "one of the 25 millionaires who are at the basis of Canadian finances."

Jumps Into Closet and

Highwaymen

SAN FRANCISCO, Jan. 15.—Fleeing with death and in the face of three desperadoes, a trio of armed desperadoes, G. Bozzano, one of the proprietors of the Piedmont hotel, dashed from behind the bar to a closet and opened fire upon the bandits, putting them to flight.

It was shortly after 1 o'clock this morning that the highwaymen entered the bar room of the hotel. Bozzano was serving drinks. There were four customers in the place. They were E. Batogio, A. Cappa, G. Girardo and G. Gasca. All were lined up against the wall and searched for weapons.

The robbers wore white handkerchiefs over their faces and each toyed nervously with a pistol. Bozzano was touted out and one of the highwaymen felt his pockets also to determine whether or not he was armed. They failed to notice that he carried a revolver swung in a holster around his waist and concealed under his apron. While the customers were being searched Bozzano watched his chance and turned into the closet. Alarmed, the bandits turned, and as they did so the proprietor opened fire. Seven shots he pumped at them with his automatic. They were panic-stricken and ran, sending only a few answering shots, which did no damage. As near as known none of the bullets took effect. Nothing was taken from the saloon or from the patrons.

REALTY BROKER IS SUED FOR \$50,000

Women Would Foreclose the Mortgage on Money Loaned to Robt. B. Mott.

Robert B. Mott, real estate broker, was made defendant in the Superior Court today in a suit brought by Jane Stevenson to foreclose a mortgage given as security on a loan of \$50,000 made in March, 1912, by R. G. Hanford and W. S. Tevis, endorser of the note, together with the Union Water Company, the Hanford Investment Company and others are made co-defendants to the action.

Nearly 700 acres of land in Washington township were pledged by Mott to secure the loan. The plaintiff states that a portion of the amount was repaid, but that the borrower became delinquent in further payments and that there is now due the balance of \$37,500 with interest from September 15, 1932, to date.

FOUR ACCUSED IN COPPER STRIKES

Mystery of Yesterday's Indictments Solved When Arrests Are Made.

HOUGHTON, Mich., Jan. 15.—The mystery of the secret indictments returned yesterday by the special grand jury which has been investigating disorders growing out of the copper miners' strike was cleared up today with the arrest of four strikers charged with carrying concealed weapons.

Although the jury contained its deliberations today only one other true bill had been found and those who had expected a return of indictments on the deportation of Charles H. Moyer, president of the Western Federation of Miners, admitted today that there was nothing to base a prediction as to probable a return of one secret indictment remained sealed, according to information at the court.

Charge are accused of having taken an active part in the disorders at South Pass on December 11. They are Oliver Thibault, Elmer Lukken and John Lampy.

The sheriff's office learned today that W. P. Davidson, the British Columbia member of the executive board of the Federation of Miners and Dan Sullivan, president of the district council spent the night in the Laurium Village jail. The fact that their arrest under the conspiracy indictment returned yesterday was responsible for a report that they could not be found.

Davidson had been served with a warrant during the night was Charles F. He told a secretary of the district council it was not read at an on headquarters that a warrant as soon as Sullivan was arrested. Sullivan is held for his release on bonds. Meanwhile bonds were being sought for Davidson and Sullivan and the other men who were arrested at Calumet last night. Fourteen of the men were released before midnight on bail of \$100 each.

F. M. SMITH RE-ELECTED AS SYNDICATE HEAD

F. M. Smith was elected yesterday at the annual meeting of the syndicate to a second year as president of the Real Estate Syndicate for the coming year. The same board of directors and officers who elected Smith in 1932 were re-elected.

GOOD CHANCE FOR MARRIED COUPLE

Learn How to Perpetuate the Honeymoon.

It is too often the case that the honeymoon is over soon after the return home, but if the home is attractive and pleasant this need not be the case. Music plays an important factor in the home, and here is an exceptional opportunity to secure at a fraction of its value an instrument that will be a source of continued pleasure to you.

We have taken in exchange on a Chickering Player Piano a rubber-tubed 88-note player of well-known manufacture. We allowed \$400 for this instrument, which sold originally for \$600. The player is in perfect condition both inside and out—not a scratch—and includes a library of twenty-five rolls of popular music. Bench and stool to match. If we can interest some one in this player before Saturday night we will sell the entire outfit with our ten-year guarantee for \$385 and deliver it without first payment of any kind if not convenient to pay anything down.

Payments by week or month may be arranged. Some one will surely take immediate advantage of this golden opportunity. Ellers Music House, 1443 San Pablo ave., next to new Kahn bldg. Open every evening.

CAR HITS AUTO, WHICH CRASHES INTO STORE

Collision with a street car threw Edward Temple, 2633 Santa Clara avenue, from the wheels of his automobile early last evening and the machine went crashing across the curb and sidewalk and into the front of the Spencer dry goods store, 2322 East Fourteenth street. The machine was wrecked, but Temple was uninjured. The street car ran into Temple's auto.

LADY ANITA HODGES JOINS HUSBAND HERE

Lady Anita Hodges, a social leader, wife of P. W. Hodges, capitalist, of Lexington, Ky., arrived in Oakland last night to join her husband, who has been in the city some weeks looking over interests here. The couple plan, after a short stay at the Key Route Inn, to make a tour of the state.

EMPLOYEES TELL OF FUEL CO. METHODS

SAN FRANCISCO, Jan. 15.—A number of motemen and shovelers, several of whom feared to testify believing that they would lose their positions if they did, so were called as witnesses before United States Judge Dooling today, in the Western Fuel Co. hearing. The tell of alleged unlawful methods of handling coal by which the government was cheated and corroborated the statements of several of the prosecution's important witnesses.

Joseph W. Ward, who gave forth startling testimony yesterday with considerable effect, was police officer of the city and was the property law expert called in and who was not molested further.

Special Prosecutor Theodore T. Dooling said that the evidence of the government would be continued next Wednesday.

ACCUSED PEN WIELDER ASSIGNS MORTGAGE

Assignment of a mortgage for \$3000 on property located in Pruitale was filed today with Recorder Bacon in behalf of Mrs. Minnie L. Christman to her husband, George Christman. Mrs. Christman has been held for trial in the federal courts on a charge of sending obscene letters through the mails to prominent Oakland people among them Mr. and Mrs. Arthur G. Holland. She recently deeded property in Thirty-fifth street to her husband.

WOOL GROWERS MAY MEET AT SALT LAKE AGAIN

SALT LAKE, Utah, Jan. 15.—It was the opinion generally expressed here this morning that Salt Lake again would be chosen for the next annual convention of the National Wool Growers' Association, although Boise, Idaho, was making a strong bid for the affair.

The second day's session opened with virtually every delegate present. William Spry, Governor of Utah, opened today's session but refrained in his address from mentioning the new tariff.

AUTO DEALERS AND MAGISTRATES TO CONFER

SAN FRANCISCO, Jan. 15.—Pleading that the drastic measures adopted against automobile traffic might injure the business of selling machines hereabouts, a delegation of the automobile association called upon the police judges today. They urged that the rules should not be so strict as to prevent the sale of new cars, and that the judges should be allowed to issue licenses to new drivers.

LAUGHS AT SIEGE OF SHARPSHOOTERS

Beardsley Makes April Fool Joke About Surrender

MAYVILLE, N. Y., Jan. 15.—Three days after shooting John G. W. Putnam, owner of the poor, Edward Beardsley was still holding his tongue against the siege of Sheriff Anderson and his deputies at the little farmhouse near Summerdale. Beardsley warned a deputy who carried messages to him today under a flag of truce, not to approach the house again under pain of death. The message was Sheriff Anderson's ultimatum. It said that unless the man surrendered by 2:30 p. m. the place would be shelled and the owner shot. Beardsley resisted he would be shot without mercy.

"Let them come," was Beardsley's answer. "When you want surrender," asked the deputy. "I'll shoot," Beardsley said. Sheriff Anderson took no action. He did not wish to endanger the lives of any of the deputies. In capturing Beardsley, he said, "I would not have the fact that Beardsley's wife and two children are in the house at the time of the desperate and perhaps starving was urged on the sheriff as a reason for immediate action."

Beardsley was removed to a hospital tonight after a successful operation. The wound was deep. He was in a coma, but on an out of his advanced age he is nearly 70—there is no doubt that he is a brave man.

AUTO STRIKES TEAM; RUNS INTO STORE

San Francisco Merchant and Woman Have Narrow Escape

PRINCETON, Jan. 15.—Struck by an Oakland Key Route electric car at the corner of Twenty-third and First streets last night, an automobile driven by J. Campbell, manager of the Acme Paint and Color Works, San Francisco, was hurled against the corner of the store. A woman standing at the door of the store had a narrow escape from being run down. The front end of the auto smashed through two large plate glass windows. Campbell remained in the car, which was badly damaged, but escaped unscathed, despite the splinters and flying glass from the window panes and from the wind screen of his machine. The automobile was badly damaged as the result of the double impact.

Arrested, Gives Name Of Society Woman

(By Associated Press)
CHICAGO, Jan. 16.—A dispatch sent from Los Angeles December 19 stating that a Mrs. M. C. Black, "said to be the wife of a wealthy Chicagoan," had been arrested, charged with forgery, proves to have been incorrect, according to Mrs. M. C. Black of this city.

The story was based on the arrest of a woman who represented herself as Mrs. M. C. Black. She was arrested under that name and her real identity was not disclosed until the story reached Mrs. Black, who at the time was in Chicago.

Mrs. M. C. Black is a prominent society and club woman of Chicago.

Alleges Titanic Was Unseaworthy Craft

(By Associated Press)
LONDON, Jan. 16.—The plea that the Titanic was unseaworthy when she left England in April, 1912, on her disastrous maiden trip to the United States, which cost the lives of more than 1500 people, is to be advanced in a suit for damages to be brought against the White Star Line by Thomas Wilson, who stated, who suffered a broken leg in the wreck. Whiteley's counsel, Allan Clement Edwards, a lawyer-member of Parliament, will also argue on behalf of his client that there was negligence in the steering of the vessel. The hearing has been provisionally fixed for March 1.

Piles cured? Yes. Phone Merritt 265.

IRRIGATIONISTS PRESS CLAIM TO WATER

Present Pamphlet at Waterways Congress Urging a Priority of Interests.

Hold Navigation Interests Are Secondary to Agricultural Use of Rivers.

claims of the irrigationists of the state to first use of the waters of the rivers and streams, even though they be held as navigable by the United States government, were presented for the consideration of the delegates of the Inland Waterways Congress when they assembled this morning. There was no set speech on the program to bring out this particular argument, but the delegates arrived there upon the subject of navigation in the cold type of each chair of the assembly room. The pamphlet was entitled "The Reclamation of the Great Valley of California," by A. D. Foote, of the American Society of Civil Engineers, and it was distributed to the delegates.

"In the consideration of the inland waterways of California, the first thought has been that their pre-emptive use is for navigation. At the risk of differing in opinion with most of the members of this congress, it is suggested that the navigation of these waterways may be considered of comparatively little importance. The first and most important use of the waters of California is for irrigation. The water to carry off the floods; all navigation interests are trivial as compared to these and must be subordinated to them."

NEEDED FOR IRRIGATION.

"In a very short time the flowing waters of the San Joaquin and Sacramento rivers, during July and August, will all be needed for irrigation and there will remain for navigation only the water which drains in along the banks of the rivers as waste or seepage from irrigated lands."

The first paper that was read before the congress was upon navigation problems and possibilities of California's rivers. The author was C. E. Grunsky, formerly chief engineer of San Francisco, one of the original board of engineers that planned the work on the Panama canal.

"The reclamation of the water already done toward improving the navigability of the state's principal waterways, Mr. Grunsky said:

"On both the Sacramento and Feather rivers much can be done without impairing the usefulness of these streams as waterways. The navigation toward improving their navigability, whether or not these waterways should be supplemented by one or more navigation canals to give access to the valley regions skirting the Sierra Nevada and Coast range foothills, is a matter which probably no one is prepared to express a conclusive opinion."

VALUE SUBORDINATE.

"Studies of such problems as those of improving the accessibility of the Sacramento and Sacramento valley regions by water must be made with due recognition of the subordinate value to be assigned to our mountain streams as sources of water to produce navigation, or to provide navigable waters. The higher items of value for domestic supply and irrigation must be taken into account when determining what can be done in aid of navigation."

"This is not the time for a general enumeration of localities where the water supply either with or without storage, indicating the feasibility of a navigation canal or the possibility of improving the navigability of a natural channel. It is enough to know that such localities and streams are numerous in California, and knowing that fact, to call for some action by this convention that will provide a permanent organization charged with the duty of giving attention to the need for betterment along these lines."

TOUCHES OTHER PROBLEMS.

"When more points on San Francisco Bay are made feasible to deep sea vessels, the speaker pointed out, great industrial development will follow. He enumerated numerous sloughs and creeks as such points.

"There are other problems," he continued, "that present themselves wherever broad stretches of low country lie adjacent to the ocean. Nearly every section of the coast from Crescent City to the north and San Diego to the south, will have its

PLAN EARLY FOR COLUMBUS DAY

Meeting Will Soon Be Held to Arrange for Big 1914 Celebration.

Steps will be taken at a meeting to be held soon to form a permanent committee to take an active part in the next Columbus day celebration, which will be held in October. This plan was outlined shortly after the holding of the Columbus day festival last year and is to be perfected to make it possible to have the coming celebration the most elaborate ever held in Oakland.

This committee will be composed of members of leading organizations, and it is proposed that a number of city officials will be named to cooperate in the observance of the holiday. Among the men who will take part in the preliminary work of organization are the following:

Judge William R. Gear, John Cox, M. M. Roach, John F. Mullins, Leo J. McCarthy, Hubert J. Quinn, Hugh Hogan, T. P. Hogan, L. G. Bonzagli, M. Clanciarulo, M. Martino, John W. Stetson and many others.

CAR MAKES WILD DASH ON GRADE

SAN FRANCISCO, Jan. 16.—Packed with 35 women and girls who crowded the interior, and with the steps and running-board crowded with men, a car on its way to work, a car of the Petricore line, speeding toward the business center, ran away this morning, jumped from the track, and amid the shrieks of passengers, came to a standstill at sixteenth and Kentucky streets.

Had it been brought to a halt a second later a score of persons on the forward open section would have been killed or injured. Slippery, mud-covered rails are responsible for the accident, which tied up traffic almost until noon.

The car was making up time and was going at a good clip when it ran into a section where the rails were almost hidden in the mud. The flanges failed to hold the wheels on the slender track and the car, with its human freight, ran wild.

Several windows were broken and passengers were thrown helter-skelter in the interior. Several jumped as the vehicle left the rails. But fortunately none was injured. The ambulance from the Portrero hospital was sent for by excited pedestrians, but its services were not needed.

DIES OF HEART FAILURE ON WAY TO HOSPITAL

Mrs. C. A. Stevens, wife of Dr. Stevens of 1115 Broadway, Alameda, died on the way to the University Hospital this morning after she had been stricken with heart failure while riding on a San Pablo avenue car. The elderly woman was removed from the car at Twenty-seventh and San Pablo and later into a corner drug store and the ambulance called. She died before she could be removed to the hospital.

JEROME VICTIM OF UNSIGNED NOTES

The Letters Order Attorney to Cease Battle to Imprison Thaw.

(By Associated Press.)

NEW YORK, Jan. 16.—A dozen anonymous letters threatening death to Attorney General Thaw, who is fighting to get Harry Thaw back in Alcatraz, have been turned over to a detective agency.

An argument against Thaw's admission to bail was completed by Jerome yesterday and sent to the printers. He will take it to Concord, probably the latter part of next week and present it at a hearing to be held in the case of Thaw's admission to bail.

CONCORD, N. H., Jan. 16.—The question of admitting Harry K. Thaw to bail will not be decided for several weeks. In a receipt filed with the clerk of the federal court today, United States Judge Edgar Aldrich said there would be no hearing regarding bail until after the final hearing on the questions involved in the extradition and habeas corpus proceedings.

An extension of twenty days in which to file their brief in the main case was granted Thaw's counsel by Judge Aldrich. As Attorney General Carmody already has filed the brief for the state it is believed that the hearing on the main case and also on the question of bail will be held in February.

COMMITTEE TO STUDY QUAY WALL PROPOSITION

A downpour propounded by a member of the Downtown Association at the meeting last evening in Hotel Grell, will result in the appointment of a committee to become conversant with every phase of the quay wall proposition in the estuary and the building of the warehouses and streets as explained in ante-bond election and more recent official statements. "If the statements of a firm occupying city property on the estuary, that they have been assured they can remain two and probably three years longer is correct, and that the dredging is proceeding so slowly that the engineers say it will require more than a year to complete that work, then the quay wall proposition will be ready for the use of vessels," said the speaker.

In brief, that was the question raised, but it was further stated that no work was being done toward building any structures or on streets to reach the quay wall starting from the East looking for a matter of fact, the quay wall had not been started and the information further, that the quay wall was not now or would not be for a long time available for even use by the river steamers. The statements were also in variance with public utterances of the commissioner that the president was asked to appoint a committee that will remain in force until the quay wall is ready for ships to land their cargoes and excursion steamers their passengers. This committee will try to ascertain what, during the time the dredging is going on, work on the street will be done and what will be done on the quay wall.

It was pointed out that the quay wall now built cannot be made available for light draught river steamers, if nothing more, will be the above information the committee will try to ascertain and report on the next meeting. Taxes upon several million dollars worth of property are paid by members of the organization who will now devote their time to the completion of the quay wall, that it may be made use of and the large amount of money expended for the purpose of some benefit to the city.

SKIPPER SAYS HE ASKED HELP

Captain Johnson of Pathfinder Declares He Signalled for Assistance; Refused.

SAN FRANCISCO, Jan. 16.—Captain John Johnson of the pilot schooner Pathfinder, which ran on the rocks near the entrance to the bay in the heavy fog last night and sank, said today that he had been refused assistance by a fishing steamer. To his appeal for aid, sent to the fishing boat after the Pathfinder had struck, Captain Johnson said the steamer replied:

"I will not stop to tow you off. I have fish aboard."

Huge waves speedily pounded the pilot schooner to pieces. The captain and crew escaped in the small boat. The loss was \$20,000.

FILES ON ROCK.

The Pathfinder coming into the harbor under gasoline power and nosing her way through the tule fog, piled upon the rocks below Point Diablo—half way between Point Bonita and Lime Point—at 7 o'clock last night, and sank. Captain and crew were saved. The loss was \$20,000. The vessel went down after assistance had been refused by the Henriquette, a fishing steamer owned by the Paladini fish trust.

When the Pathfinder struck, Captain Johnson said, his whistle was going for help. The Henriquette, passing in, paused and was seen during a lift of the thick fog. A boat had already been lowered over the side and Johnson sent one of his crew out to ask for help.

The answer he received was:

"The Pathfinder is in a bad way. I will report your trouble. I will not stop to try and tow you off. I have fish aboard."

Then the Henriquette went full speed ahead into the thickness of the fog, and the last chance of saving the Pathfinder was gone.

ENGINEER AT POST.

While the fisherman was refusing assistance, Engineer W. S. Conant stayed at his post. He kept the engine running the bludge pumps in an effort to keep the vessel afloat. He waited in the cubby-hole of the engine room until the water came above the flooring and the swirl of water from the engine fire-wheel doused his batteries.

Then he ran on deck at Captain Johnson's order. The "delights," ordinarily ten feet above the water, were sitting at every swell. The vessel was tilting and the boat with captain and crew left only just in time.

The schooner's boat was picked up by the revenue cutter Golden Gate. Captain T. G. Luton, and towed back to Meigs wharf, while the witness of Pup Gannon and his favorite dried quickly enough in the boiler room.

Captain Johnson said that his compass had not been corrected since the engine was installed.

The ferry-boat Tiburon, which went on the rocks off Angel island, is being made ready to refloat today.

TIBURON DAMAGE SMALL

SAN FRANCISCO, Jan. 16.—The Northwestern Pacific ferry-boat Tiburon was practically undamaged from last night's grounding on Angel island, and, according to Master Mechanic Brassill today, Brassill made a careful examination of the vessel this morning at Sausalito and found that save for the broken rudder and a few scratches the boat was undamaged.

The company attaches no blame to Captain Howard White for the accident, which seems to have been unavoidable.

KEY ROUTE COLLISION

SAN FRANCISCO, Jan. 16.—The Key Route ferry steamers Yerba Buena and Fernwood, carrying together about 250 passengers, collided practically head on in midbay shortly after 5 o'clock yesterday afternoon when the two boats were blanketed with fog. The panic that for a moment threatened disaster to the terror-stricken passengers, quieted when the steamers parted and members of the crew and calmer passengers assured the frightened ones that the danger was past.

Suicide Pact or Double Crime, Which?

(By Associated Press.)

CHICAGO, Jan. 16.—The two students of the government naval training station, Earl Bestwick and E. A. Buchanan, who were found shot to death in a hotel here, deserted the school twice, but both times were brought back and disciplined.

Buchanan had been very unhappy at the station, said G. G. Garrow, chief master at arms of the school today. "He wrote many letters to his mother asking her to get his release, saying he could not stand the discipline. Bestwick, full heir to some money recently and I believe he was financing a trip to Paris with Buchanan. Buchanan was a nervous person, one shot the other and then himself in the course of a quarrel I do not know."

Taft Objects to Automobile Tax

(By Associated Press.)

NEW HAVEN, Jan. 16.—Prof. William Howard Taft is dissatisfied with the tax levied on his automobile by the city. Recently he received a bill showing that the assessors had rated his machine at worth \$400. To this 10 per cent had been

VARIOUS VIEWS

Captain J. H. Corcoran declared that the statement that interests of navigators and irrigationists were at variance was a fallacy. State Senator P. C. Cohn of Fresno spoke in favor of protecting irrigation, while Isador Jacobs of San Francisco emphasized the interest the city should take in promoting waterways. J. D. Galloway appealed to the delegates to unify in purpose.

Beverly Hodghead, president of the Commonwealth Club, which called the congress, called the meeting to order. He said the club was organized for the purpose of promoting the development of waterways and irrigation, and that the club was interested in the work of the congress.

The committee on permanent organization was announced as follows: George C. Pardee, Oakland, chairman; John D. Galloway, Berkeley; F. M. Hill, Fresno; Burton Smith, Stanislaus county; A. L. Shuler, Sacramento; Isidor Jacobs, San Francisco; J. L. Craig, Stockton; W. A. Alexander, Santa Clara county; Frank Freeman, Wilcox; Marshall de Motte, Tehama; W. T. Ellis, Yuba county; V. S. McClatchy, Sacramento; J. F. Elliston, Red Bluff, E. A. Skinner, Eureka; J. L. Camm, Petaluma; Mrs. J. W. Orr, San Francisco; Mrs. B. S. Walter, Sacramento. Just before adjournment, in an effort to give the committee a more general representation, Marshall de Motte and V. S. McClatchy withdrew and were replaced by H. Loveland of Bakersfield.

W. R. Wheeler, traffic manager of the San Francisco Chamber of Commerce, spoke in the afternoon's program on the benefits to be derived from inland waterways.

SOURCE OF UNTOLD WEALTH.

SAN FRANCISCO, Jan. 15.—"If California only knew how to utilize the 900 miles that have done so much damage and caused so much alarm this winter they might be made the source of untold wealth," A. D. Foote asserted. "It is no exaggeration," he said, to state that the floods carried enough of the material to produce millions of bushels of wheat could it have been placed at the disposal of the tiller of the soil.

In Egypt these noods would be welcomed with feasting and thanksgivings in the mosques for they would give assurance of bountiful crops. If engineers would study Egypt and follow the teachings of her long experience, in so far as they admit, they would be trying no experiments.

"To solve the problem of paying the costs it is proposed that the state build the works and own them. As they are completed and the lands begin their increased production it would be no hardship to tax the lands for a portion of the cost of the works received."

BENEFIT PLANNED.

HAYWARD, Jan. 15.—A benefit entertainment will be given by the local lodge, L. P. E. C., in the Bio theater January 22.—A splendid program is being prepared by the comedians in charge.

ANTI-KAMNIA TABLETS FOR Locomotor Ataxia

In a very interesting article on Locomotor Ataxia, Dr. Henry C. Story says that drugs have practically no beneficial effect in these cases. He says that rest should be insisted upon, and there should be no worries or troubles. Plenty of fresh air and moderate exercise must be insisted upon, but over-exercising is injurious. The use of tobacco and alcohol should be strictly forbidden, and over-eating is dangerous, especially when the food is poorly masticated. The food must be of the most nourishing kind, and the quantity and variety must be changed so that the patient will not lose his appetite. The most annoying symptom in these cases is the pain which at times is almost unbearable. Dr. Story says that a new two Anti-kamia Tablets repeated in an hour if necessary, gives prompt relief and rest to the patient. These Tablets can be obtained at all drug stores in any quantity desired. Ask for A-K Tablets. Also unexcelled for headaches, neuritis and all pain.

P. B. Skin troubles succumb to A-K Salve.
